

If your wanderings take you to the Los Angeles area, you'll probably want to find your way up the hills to snap a photo of the famed sign above the movie capital. Your trave4seniors.com editor shot this telephoto one recently from a rooftop.

There are ways to get close-up photos of the sign, including selfies, but also many restrictions. For suggestions, find online sites that give directions. For example, check with blog.jeffersongraham.com/photowalk-hollywood-sign/hollywood-sign-photowalk-how-to-get-the-elusive-shot
