

Located near Walt Disney World, SeaWorld is adjacent to Busch Gardens. If you're planning a family trip to the area, bring everyone, including grandparents and grandkids. Now that weather is getting wintry in many other parts of the U.S. and Canada, be sure to allow at least three to seven warm, sunny days and comfy nights to experience all of these wonderful vacation facilities.

Lots of bargain hotels, motels, restaurants, amusement parks, swimming, boating, shows and scads more waiting for you to enjoy. Be sure to see the wonderful water acrobatics, performed both by talented humans and their fantastic aquatic animal pals at SeaWorld!
