

The Nisbet Plantation Beach Club features all-inclusive vacations in luxurious cottages on the sunny isle. The club was named for an 18th Century resident of the island, Fanny Nisbet. She married famous British naval hero, Admiral Horatio Nelson in 1787.

The fact that the future victor of the Battle of Trefalgar already had a wife named Frances in England didn't seem to disturb the lovers on this beautiful Caribbean island. Unfortunately, Nelson died in the 1805 battle and never returned to the fair Fanny.

The current AAA Four Diamond beach club continues the romantic tradition by designing many of its upscale services for lovers of all ages who visit to begin or renew their togetherness. All the inclusive sleeping, sunning, dining, drinking, dancing, swimming and other features start at about \$500 per room per night.
