

As Max Bialistok once said in *The Producers*: If you got it, flaunt it! So, for a thousand bucks a night or more, you can briefly live like a king, queen, emperor, mafia boss, Trumpish business tycoon, pro athlete or movie star.

Consider a British royal castle, French oceanside Riviera retreat, California luxury estate or a private Pacific island mansion. Airbnb Luxe now offers more than 2,000 upscale destinations, with luxury locations in the Far East, America, Europe and other desirable world sites.
