

RCL offers passengers opportunities to contribute to the Make-A-Wish Foundation. The organization sends kids with life-threatening medical conditions on free trips to Disneyland and other wonderfully wishful destinations.

On a day during many RCL cruises, volunteers can take An International Walk for Wishes. Participants pay \$10 and up to hike around the ship's exercise deck for a specified period of time. It earns them a logo t-shirt and warm personal pride. Royal Caribbean and other cruise lines offer a variety of incentives to encourage passengers to contribute to worthy charities.
